Dear Parent or Guardian,

TRANSPORT ARRANGEMENTS: SB465 SB464 ECSTO 88
School attended: Stowmarket High School

We are writing regarding important changes to home to transport for Stowmarket High School. Due to operational reasons, Ipswich Buses SB465 between Willisham, Barking and Needham Market to the school is being withdrawn. The last day of service will be Friday 1st November 2019. This change will mean that a re-allocation of pupils on SB464 is required.

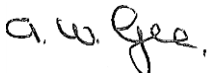

With effect from Monday 4th November 2019 your child will be transferred to First Buses ECSTO Service 88 that will call at various stops along the High Street in Needham Market. The timetable for service 88 is enclosed, along with a temporary bus pass to show the driver. The plastic card will follow in due course. It is essential that all pupils use the appropriate revised route / bus otherwise there is the potential of overloading and for safety reasons the drivers may refuse travel.

Stowmarket High School are aware of the planned changes.

Please accept our apologies for an inconvenience that this change may cause.

Thank you for your co-operation

Yours sincerely

Andrew Gee
