Dear Parents and Carers

Spotlight Talks: Digital Careers

Please find below details about online talks focusing on digital careers. The talks take place on Wednesday 13th and Thursday 14th October so your child may not be able to view them live, however, by registering they will be able to view the talks at a later date.

This is definitely worth viewing if you want to learn more about the exciting digital skills and careers that can be developed by choosing technical education and apprenticeships.

"Join us at our next <u>Spotlight Talks on 13-14 October</u> and inspire your learners about the exciting digital skills and careers that can be developed by choosing technical education and apprenticeships. Our research shows that demand from employers for digital skills will continue to grow, so we're giving learners the opportunity to hear from the UK's leading employers and apprentices, streamed directly into the classroom. The free event is hosted in partnership with BCS, The Chartered Institute for IT and will feature inspiring talks from Rolls-Royce, PwC, Mace, AECOM, Everton in the Community"

If you would like any further information, or indeed if you have any careers or next steps related questions, please email me m.mylrea@stowhigh.com

Kind regards

Melenie Mylrea
