

futures fortnightly

EDITION 7 28th May 2021

Dear Parents, Carers and Students

As half term rapidly approaches we have been busy preparing our year 11 and year 13 students for their journey out in the world of higher level study, work or apprenticeships. It's been a difficult, challenging and somewhat experimental 2 academic years of your lives and we can only hope that from the turmoil they will rise determined, resilient and ready to climb their next mountain.

My advice to them is thus; Just remember to always look at the summit of the mountain of life that you are trying to climb, aim for it, but watch every step you take on way, because it's these steps that make you who you are, taking you to where you want to be. It's the journey you take that is oh so important not the ultimate destination.

Twenty years from now, you will be more disappointed by the things you didn't do than by the things you did do. So throw off the bowlines, sail away from the safe harbor, and catch the trace winds in your sails. ??

EXPLORE, DREAM, DISCOVER Mark Twain

Please remember to all those students leaving us we are still here for you, so stay in touch and let Mrs. Mylrea and myself know what you are doing. We are also still here until August if you need any more advice or support with applications or college and apprenticeship decisions. If you have yet to have a careers interview, please come in and we will make sure you get an appointment. We will also be sending out information on results day, detailing who can support you if your results are unexpected and you need additional guidance.

Good luck to you all we will miss you.

Mrs Claire Broxton

Assistant Headteacher, Curriculum & Inspirational Futures Lead

We are now looking for on air talent to come and get involved on Stowtalk, our School's very own Podcast Channel.

We meet in the LRC every fortnight on Wednesday B lunchtime at 1.30pm so bring your sandwiches and yourselves and have your say!

Upcoming Talks:

Wednesday 9th June

Why do we need a school uniform?

(Year 9 Students)

Wednesday 23rd June

How can we improve our extra curriculum activities?

(Year 8 Students)

Wednesday 7th July

What makes a great Teacher?

(Year 10 Students)

Email Mrs Taylor on k.taylor@stowhigh.com or see Mrs Mylrea in the LRC Office to sign up.

WELL DONE TO EDDIE FROM

who was chosen to give an interview with Future First for their website, showcasing our in house Advice and a Slice sessions which YEAR 10 will reconvene after the half term break.

The sessions have shown me that the world is a whole lot more open than you can see from school

Ed is a Year 10 student at **Stowmarket High School in** Stowmarket, Suffolk.

Future First has run a series of 'Advice and a Slice' sessions at the school so guest speakers can join students during lunchtime to talk about their career experiences. The series has been organised in partnership with the Network for East Anglian Collaborative Outreach (neaco).

As a current student at Stowmarket High School, I've now attended a fair few events that Future First has run at my school. I mainly started during lockdown because it was easier to attend online and I've found them really rewarding.

We've had a few different people come in to speak to us and they've all given us a great insight into what career options are out there. We had someone who used to be in the Military talk to us about why you may consider pursuing a career in the Army – he showed us there was a lot involved with a military career, way beyond what people think goes on.

We also had a former Stowmarket High School pupil who had gone on to be a businessman. His talk was a fantastic insight into what skills you need to be a good businessman and it was a real benefit to get a general overview from him. Having an ex-pupil speak to us also made it much more relatable, because he showed that you can do it as long as you have the right attitude.

The whole experience has been very beneficial to me personally. I definitely plan to go on to do A levels and then hopefully some further studies. At that point it will depend on what's out there, but I'm really keen to follow a career that is music related. I've played drums for five years now and I definitely want to do something in that world, although I'm not sure exactly where in that industry I want to be

What the Future First sessions have given me is a much clearer idea of what I'd need

to be successful in the future – the different qualities and different attitudes I'd need to develop to push myself to a high-ranking position. The sessions have also shown me that the world is a whole lot more open than you can see from school. Sometimes you can only see the obvious career choices, but there are loads beyond that.

I had always considered that I would probably stay local when I left school, but now I reckon I will think about moving further away in the future. These meetings made me consider that more carefully because I can now see what is available in the wider world.

The sessions have made a real difference to me and I'd definitely consider coming back to my school after I leave. I've seen the impact they have had on people and it would be excellent to be the person having that impact. After I started to attend the first few sessions, I invited some of my friends to get involved too and the general reception was very good.

My message to anyone who has the chance to attend a Future First workshop would be to go for it _ and take all the opportunities that come with it.

Where are the they now?

Welcome to our brand new feature, "where are they now". Featuring our past students, we spotlight on where their career has led them and how their time at Stowmarket High School has impacted their career journey so far.

This week we focus on Harry Cobbold who attended Stowmarket High School form 2010 to 2015.

- Where are you working now?

 Political Adviser to Jo Churchill MP in the House of Commons.
- What is your fondest memory of Stowmarket High School?
 Year 11 Barcelona football tour
- What was the best bit of advice you every received from one of your teachers?

 Stop over thinking everything- Mr Gore
- What advice would you give your Year 7 self now?

 Try not to over think every decision you make at school and just do your best and enjoy your time at a great school!
- What were your favourite subjects at school and how have they helped you in your job today would you say? English and History- Communications is a major part of my role and studying English at Stowmarket gave me the building blocks to then go on and get my degree in Journalism from Nottingham Trent University. History has always fascinated me and I was lucky to have some fantastic teachers in Mr Smith and Mr Gore who were extremely passionate about the subject and always kept our lessons interesting.
- A big shout out to Mr & Mrs. Carpenter. I was lucky enough to be taught by both for a majority of my time at Stowmarket High School and both are incredible teachers, with amazing hidden acting abilities when reading a play aloud! I owe my A-Level in English Literature to Mrs. Carpenter in particular as she pushed me to focus instead of messing about!

Heading to West Suffolk College?

Summer work for students who are coming to College in September is now being uploaded on to the Schools page of the College website, most areas are now available:

https://www.wsc.ac.uk/schools/ were-staying-connected

The links to this will be sent out to all applicants as part of their enrolment process. Also in the next week there will be SED talks uploaded

https://www.wsc.ac.uk/schools/were-staying-connected/sed-talks

(a selection of topical talks for applicants to access throughout the summer).

Thinking About or Heading to Suffolk New College?

I am pleased to share with you our year 11 Transition Pack for this year, see the link below. We have created this in the form of a website, to make it easier to distribute and hopefully then easier to refer back to rather than getting lost!

https://sites.google.com/gapps.suffolk.ac.uk/suffolknewcollege2021

Students will still receive the course specific packs with summer tasks, and any required course items or clothing after the Experience Day.

I will still be able to do any campus tours for groups of up to 6 students after half term, so feel free to get in contact to get these booked in.

Email adelewyse@suffolk.ac.uk

YOUNG VIRTUAL WORK PROFESSIONALS EXPERIENCE

The Young Professionals Virtual Work Experience is back running across 7th, 8th & 9th June. We have PwC, Sky, HSBC, GSK, RAF and many others joining us during the three days. We will be running skills based sessions (looking at CV's, Interviews, Assessment Centres, LinkedIn / Networking etc) along with employer insight / workshop sessions. There will be 2 individual based projects students will be set to work on in their own time (out of school hours) which will form part of their Virtual Work Experience interactive tasks.

Key Details:

- 7th, 8th & 9th June 9am 3pm each day
- Open to all students in school / college (in particular those that will have left after half term)
- An opportunity to take part in skills based workshops as well as interaction with multiple global employers
- 2 project based activities to be completed whilst on program
- To explore lot's of different employment sectors as well as gaining a better understanding on the job market, world of work and key skills employers look for
- Certificate and reference on completion

Application Link: https://www.surveymonkey.co.uk/r/YP-Virtual-WEX

Virtual Work Experience Thursday 1st July 9:00 - 16:00

GSK will be hosting their Virtual Summer Work Experience Day to which you're invited.

This is the only event GSK will be running over the summer so if you like the sound of learning from some of the world's leading scientists as they talk all about the pharmaceuticals and healthcare industry then this is the opportunity you've been waiting for!

The online event is open to: Y10, Y11& Y13

GSK are a science-led global healthcare company with a special purpose: to help people do more, feel better, live longer.

"Turning that purpose into reality starts with our employee experience, because we know when we feel at our best, we perform at our best."

If you'd like to apply to this exclusive event, please click on the registration link below.

7TH, 8TH, 9TH JUNE

Virtual Work Experience

Wednesday 2nd June 9:00 - 16:00

YOUNG PROFESSIONALS

After our successful Insight Evening with Sky a few weeks ago we have managed to secure a work experience opportunity for students to take part in this summer half term. This will be one of the only opportunities for students to get involved with over the summer and as such places are very limited.

Key Details:

We wanted to let you know applications for the Sky Virtual Work Experience are now live for and it would be great if you could share with your year groups / interested students.

- Wednesday 2nd June, 9am 4pm
- Come behind the scenes at Sky and see what it's like to work at Europe's biggest entertainment brand
- An opportunity to see the different departments they have from Tech, to TV Production to Customer Service!
- Learn from leading industry professionals and take part in some projects / workshops designed by Sky
- Sky offers top quality shows. Innovative tech. Must have packages. With 24 million customers across six countries!
 Be part of it all!
- Career opportunities nationwide in; Business, Technology, Digital Marketing, Finance, Technical Engineering & Customer Services
- Open to all students 16 18 (Y11 / S3 & 6th Form)
- An opportunity to be fast tracked to an in person event at the Sky offices when the time is right and safe to do so

If you are interested and would like the opportunity please do book on ASAP as we do have very limited spaces.

PARENT AND CARER EVENING

Save the date: Wednesday 23 June 2021, 6.00-7.30pm

As parents and carers, you play an essential role in your young person's decisions. We know you want to support them in the best way possible. Our parent-focused event is for all parents and carers who want to know more about higher education (HE). Our talks will help you understand the benefits, the process and the alternative routes available to your young person. Our Suffolk-based parents, students and staff want to share their experiences and top tips with you.

Full Presentation Running Order:

- Welcome, what are Open Days?
- 2. How Open Days helped me
- Being a parent at Open Days
- Helping your young person with an application
- 5. Funding your young person
- Being a university student
- 7. Settling your young person in at university
- 8. University of Suffolk tour

- Student support services at university
- 10. Library and Learning Services
- Higher and degree apprenticeships, and local opportunities
- Supporting your young person on an alternative route
- 13. Applying through clearing
- Live Q&A from your questions with our parent and student panel

Book you ticket here: Parent and Carer Evening Eventbrite

Please book by **Friday 18 June** to receive your family teatime pack to enjoy on the evening. Please contact Naomi Miller at **hefamilyzone@uos.ac.uk** if you have any questions.

We are still looking to encourage students to consider studying Arboriculture & Horticulture courses at Suffolk Rural (formerly Otley College).

And to give the students an opportunity to find out more about both these courses we are offering an exciting taster opportunity.

This is aimed at year 11 students who have applied for more than one course (with us or with other colleges) and are still undecided which is the right course for them. OR for year 11 students who have not yet decided on next steps from September. OR for learners wanting to know more/have an interest in the arboriculture or horticulture industries.

Please note these events are NOT aimed at students who have already applied for an Arboriculture or Horticulture course at Otley as they will already be invited to a Taster Event later in June.

These sessions will be run by curriculum tutors and will give the students a proper insight into what the courses will entail, allow them to speak to the tutors and find out more about life at the campus.

Full info will be sent to the students directly - but please advise them to dress appropriately for the weather - bearing in mind these sessions will be outside.

Students should wear long trousers/jeans/ leggings and NOT shorts and suitable sturdy footwear - preferably footwear that offers ankle support (and definitely not their best designer trainers). They are welcome to bring food and drink with them although we do have a canteen available at the college. Students should definitely bring a bottle of water with them. It will not be possible for parents/guardians to accompany students or to wait at college for the duration.

ARBORICULTURE TASTER EVENTS

will be held on 9th & 16th June - exact timings to be confirmed but likely to be 2-3 hours each - possibly 0900-1200 and 1300-1600 on both dates.

Max of 4 students per session

HORTICULTURE TASTER EVENT

will be held on 14th June - exact timings to be confirmed but possibly 0900-1200 and 1300-1600. Max of 6 students per session.

To book a place on these taster sessions please email schoolsupport@suffolk.ac.uk with the name of the student, current school, and preferred session.

Aiming High Apprenticeship Programme

Find out more about the apprenticeship route and join the Take Your Place, Aiming High Apprenticeship Programme! We will be offering a 5 week programme of workshops, covering all you need to know about apprenticeships!

The programme allows you to be part of a multi-school group of likeminded students. We will meet once a week, virtually via Microsoft Teams and there will also be an opportunity to hear from guest speakers!

Session 1	An Introduction to Apprenticeships
g th June	Looking at what an apprenticeship is, how it works and the different
3:45-4:30	apprenticeship levels. We will also cover how you can find an
	apprenticeship, and the key websites you should have on your radar.
Session 2	Weighing up an Apprenticeship
16th June	This session will cover some of the key advantages and challenges of
3:45-4:30	doing an apprenticeship. You'll get to hear from a real apprentice about
	their experience too!
Session 3	The Application Process – Application form, CV and Covering Letter
23 rd June	This session is all about submitting a successful application form, and
3:45-4:30	making sure your CV is the best it can be. We will also look at writing
	cover letters and speculative letters too!
Session 4	The Application Process – Apprenticeship Interviews
30th June	Find out how to feel well prepared for your apprenticeship interview!
3:45-4:30	We will look at what you can do before your interview, as well as
	during, to make sure you stand out for the right reasons!
Session 5	Aiming High Apprenticeship Programme – feeling equipped!
7 th July	This session will recap on what we have covered over the past five
3:45-4:30	weeks. We will look at putting the knowledge into an action plan and
	plotting your next steps!

If you are interested in joining the Aiming High Apprenticeship Programme, you can sign up if:

- You are in year 12/13 or level 3 year 1 or 2
- You are happy to commit to attending all 5 sessions

Scan the QR Code to register!

WEST APPRENTICESHIP SUFFOLK VACANCIES COLLEGE VACANCIES

HOW DO I APPLY?

You apply for an Apprenticeship in the same way you would apply for a job, find a vacancy, submit an application/CV and await a possible interview. Apply using the links listed below, or search for an Apprenticeship Vacancy on our website: https://www.wsc.ac.uk/find-a-course/apprenticeships/vacancies

Not finding a vacancy that suits you?

Why not try approaching companies local to you with an updated CV/cover letter to enquire if they will be looking to take on an Apprentice. This method sometimes works better with smaller businesses.

Our Talent Coaches are available to work with you to get the best out of your application or CV, and they can guide you further by completing practice online interviews. Please email the One Step Closer team to ask for support.

Please contact onestepcloser@wsc.ac.uk

You can apply using the links listed, or search for an Apprenticeship Vacancy on our website:

https://www.wsc.ac.uk/find-a-course/ apprenticeships/vacancies

West Suffolk College email addresses are reviewed regularly and you will receive a response within 48 hours.

FELIXSTOWE & WALTON FC ACADEMY

A 2 YEAR FULL-TIME EDUCATION AND FOOTBALL DEVELOPMENT PROGRAMME

APPLY ONLINE WEARESCL.CO.UK/FELIXSTOWE-WALTON

Did you or a family member attend Stowmarket High School?

We want to reconnect with our former students. Amongst our alumni is a whole host of talented role models who we want to connect with in order to celebrate their success and inspire our current students. Alumni can be brought back to school to offer careers and education advice, mentor students, provide work experience placements and much more!

Please help us reach out to our former students using your own networks. From doctors to dancers, pilots to plumbers, we need alumni from a range of careers to open our students' eyes to what is possible.

If you are a former student or know of any who would like to stay in touch and give back to their old school, ask them to sign up.

Lifetime access to online employability skills training

Employability skills to be delivered:

- Introduction to soft skills—why are employability skills so important?
- 2. Why do I need to be well organised?
- 3. How can I become more self-motivated?
- 4. Why does me being positive make a difference?
- 5. Why do I need to be good at solving problems?
- 6. Why do I need to be resilient?
- 7. Why do I need to have good communication skills?

Learning outcomes are to:

- L. Understand the definitions of a range of soft/employability skills
- 2. Explore each skill in detail, answering "what does good look like?"
- 3. Consider what it all means for "me" and what "I" might want to do differently in future
- Training delivered by Key Stage group KS3 (Y7, Y8 and Y9), KS4 (Y10 and Y11), KS5 (Y12 and Y13)
- Enhances knowledge of essential life and workplace skills
- Prepares students for better work experience placement, apprenticeship or job seeking
- Students receive a 21 page booklet of skills summary and learning logs
- Certificate issued at end of training; allows student to record as part of their personal development plan

Only £3 for all 7 modules, +4 hours of online skills training!

Lifetime access to training, no need to complete by a date

Complete the pre-recorded training at your own pace; access as many times as you like

Receive a high quality PDF summary for each skill

Receive a Learning Log to capture new techniques & skills

Certificate issued at end of training for personal record

See training overview on Stoulube HERE.

FINBOROUGH SIXTH FORM

The best preparation for life

'Life isn't about finding yourself Life is about creating yourself George Bonard Skaw

Finborough Sixth Form is a thriving and growing community with a rich curriculum and wealth of opportunities.

We offer an unrivalled level of support and challenge, with close academic and pastoral care made possible by small classes, excellent teaching and an exceptional attention to detail.

All of our students enjoy an individualised programme built around both academic success and the best preparation for life. We focus intently on their progress and the requisite learning skills required both for their A Level studies and going forward to university and beyond.

Developing well rounded young adults who have the aspiration and confidence for success is achieved through our "Seven Habits of Highly Effective Teenagers' programme. This dovetails beautifully with a plethora of experiences on offer that make our students stand out from the crowd.

We have enjoyed major developments to our facilities, including a state of the art Sporting Complex and the development of a new Science and Art Building, alongside a stunning new Sixth Form Study Centre.

For elite sportsmen and women, our 'Sports Professionals Programme' enables outstanding achievement and progress towards your performance and career goals. Sport is a central part of life at Finborough. Whatever your sporting aptitude or prowess, we will tailor an athletic programme, including opportunities to develop as a coach, to inspire you.

About Drax

We're one of the largest energy production companies in the UK. We've a number of power plants, the largest of which is based in Selby, Yorkshire. As well as producing our own sustainable biomass we sell electricity to small and medium enterprises through our customer businesses – Opus Energy & Haven Power.

Our activities are underpinned by safety, sustainability, operational excellence and expertise in our markets.

What you'll do

The week will be spilt into general and business area specific days, with a variety of group and individual activities to challenge you and prepare you for your own career journey. You'll meet lots of Drax colleagues at all levels, it'll be a great opportunity for you to network, ask lots of questions and really get to know about potential careers in either-

Finance

Underpinning our business are our core services such as Finance and IT. Finance look after the pennies but it's not just about the numbers. From forecasting, tax and payroll, to pricing, market analysis and trading, our finance teams are at the heart of everything we do.

IT & Project Management Covers everything from ensuring we have the right equipment and infrastructure to operate efficiently, to maintenance, configuration and working with databases. In addition to our security function who work to identify the threats to our business and enable a safe and secure environment for our colleagues to operate in.

Business Support Through our Haven Power and Opus Energy brands, we supply 100% renewable energy to 200,000 business customers. These range from small, single-site businesses like newsagents - through to large industrial-scale manufacturing businesses like water companies, car makers and airports. Our customers businesses support end users with their day-to-day energy-supply queries. They also ensure we meet industry regulations and uphold what we've promised – our service level agreements.

For over a decade, through sustainable biomass, we have been at the forefront of cleaning up the UK's energy system. We are already the UK's largest provider of renewable energy. Our power station in Yorkshire, together with our pumped storage and hydro generation sites in England and Scotland means Drax now provides enough power for the equivalent of 4.19 million homes

What you'll gain

- Employability skills
- Work experience for your CV
- Interview technique, advice, and practice
- Confidence building
- Team working
- Meet Drax employees

- Understanding different job roles
- Career options and routes guidance
- Q & A session with company director
- Work with students from other schools
- Projects on your chosen work area
- Certificate of attendance

Who we're looking for?

Pupils in years 10 - 13

- You must be studying/have studied GCSE English and Maths, and if you have completed your GCSEs, achieved at least a 5 in these subjects
- For the engineering placement, you must be studying/have studied at least two sciencebased subjects at GCSE

Key information

When: Monday 16 - Friday 20 August 2021

Where: This is a virtual work experience placement and will take place online

How can you apply?

- Please (click here) for the application form
- Visit www.drax.com to find further information about the Drax to help with your application
- Make sure to submit your application by Monday 31st May 2021 at 5.00pm
- Think! Don't be afraid to ask for help from your teacher or guardian to complete your application, or even contact us at <u>careers@drax.com</u>, we are happy to answer any questions you may have
