Dear Parent/Guardian

As you are aware the Year 10 PREs are due to start on Friday 18th June.

To support students in the build-up to these, departments will be running a series of 'Success Sessions' in the two weeks leading up to exams, starting from Monday 7th June. These sessions will focus on some of the key topics for revision, as well as providing advice regarding exam technique.

Whilst the sessions are not compulsory, it is hoped that through attending students will gain in confidence and alleviate any anxieties that they may have around the PREs.

If your son/daughter feels they need additional support in a subject that is not currently on the timetable attached, please ask them to speak to their class teacher or the Director of Faculty.

Kind regards,

Mr T West
Director of PE & MFL
