7th January 2022

Dear Parent/Carer

Sandwell Charter Mark

Just before Christmas we sent out our first edition of the Wellbeing Newsletter. Within this we shared with you our plans to work towards the Sandwell Charter Mark. We as a school really want to continue to drive forward to ensure mental health is at the forefront of what we do and want to do with the feedback and input of all our stakeholders.

This would involve us working with a team of psychologists to assess the work we as a school are doing to support young people and staff in their daily journey with mental health. It will also enable us to generate a complete picture of what we need to do to improve, to ensure all members of the school tripod feel heard and supported.

So that we can get a complete picture of both our successes and the areas we need to develop, we would like to canvas opinion from our parents. Please refer to the attached flyer for more information and there is access to a short video explaining more if you follow this link [HERE](#)

This is totally anonymous questionnaire that will not take up much of your time. Simply click on the link [Questionnaire](#) and be as honest as possible. The form will work on all devices and if there are any technical issues, please do let us know.

Finally, we will be inviting you to attend some online focus groups next month to express your thoughts directly to the psychologists, more information on this will be sent in the coming weeks.

Kind regards

Mrs C Broxton
