26th January 2022

Dear Parents/Carers

The Young Professionals have an excellent insight evening with one of the most recognisable and popular retail brands across the globe M&S. On **Tuesday 1st February** from **5:00pm - 6:00pm** they will be getting an insight into one of the UK's largest multinational retail operations as they take us through the running of their multi-billion-pound business.

M&S are a unique retailer delivering top quality food, clothing, home products and financial services. They employ over 80,000 people who serve over 32 million customers. The company has been investing heavily in digital marketing and now M&S have a presence in online marketplaces in more than 100 countries.

We have some fantastic opportunities to share with students who might be considering a more hands-on approach once they leave school by giving them the opportunity to join the M&S Business Retail Management programme. The whole programme is designed to train students leaving school to one day run and manage their very own M&S store responsible for generating millions of pounds in revenue each year! It's an exciting opportunity for someone to have, especially at a school leaver level!

During the event students will find out more about this programme as well as having a mini business workshop focused on the **Environment & Sustainability** which is at the core of everything M&S do.

If you are in Year's 10 or 11 and you would like to hear more about M&S and their opportunities, then click on the link below to register for the online event!
