Dear Families

**Ipswich Town Community Trust have asked us to share the following information with you.**

We are excited to be working with Stowmarket High School this year to deliver an unforgettable summer experience for students in year 11.

The NCS programme offers young people, aged 16-17, a once in a lifetime opportunity to do something meaningful with their summer break, as well as a chance to develop skills and take on new challenges that will set them up for adult life. They'll also do something good for their local community, carrying out a project to support a cause they care about. We've seen first-hand what an amazing feeling of accomplishment and increased confidence this brings. Last August, teenagers on NCS donated 200,000 hours of their time to help rebuild their communities, showing what a difference young people can make when they work together towards a goal.

NCS is a fantastic opportunity which will allow the students to try something new, learn all important life skills and make a difference to their local communities. The programme includes one week residential and one week non-residential. To make it even better, the maximum contribution NCS will ask for to take part is £50 to include all activities, travel, accommodation and food (during week 1), if you feel like £50 is not achievable or you are eligible for free school meals, this contribution can be dropped to £10.

- Meet new people
- Try new things
- Give back to their local community through voluntary action
- Take on new challenges
- Develop the skills and confidence to take on their next steps
- Generate experience for their university application, job/apprenticeship interview or CV and more!
