12th March 2022

Dear Families,

### **GCSE Science Success 15<sup>th</sup> March 2022**

We really are now entering the GCSE home straight, with exams looking like an absolute certainty.

On Tuesday the 15<sup>th</sup> March, Miss. Leverington, Director of Science, will be delivering essential information about how you can support your children in their preparation for their Science exams this summer.

To support their preparation for their exams, I strongly recommend that you attend the Success Evening session next week. Miss Leverington will spend 30 to 40 minutes giving you valuable insight into the Science GCSEs, and most importantly, how you can help your children get ready for their exams, even if you are not a Science expert!

The registration for this event can be accessed using this link: [HERE](#)

We look forward to seeing you next week.

Kind regards,

Karl Rourke-Beasley  
Deputy Headteacher
