15th March 2022

Dear Families,

Is your son/daughter interested in a career in financial services? Would you like to know more about trading the various financial markets? If so, we might just have the careers event for you. On Thursday 24th March from 5:00pm - 6:00pm we have an insight to financial services with Maven for what's set to be a fascinating talk on a career in the industry with both a director and other senior leaders within the business coming to speak to us.

Founded in London in 2011 with 10 employees, Maven is a proprietary trading organisation that now has a global presence with over 200 employees across 5 countries. They have offices in London, Hong Kong and New York and will be opening a new Chicago office as part of their plans to expand coverage of derivatives markets. "We value diversity in our workforce and currently have 28 nationalities within our employees. Maven is a proprietary trading firm which means it is 100% employee owned." Maven implements both fundamental and quantitative trading & market making strategies across global financial markets, utilising only the group's capital. "We see ourselves just as much a technology firm as a multi-strat trading firm."

Maven are currently seeking a number of candidates for their September 2022 Finance Apprenticeship programs. If you're keen to find out more about careers in finance and trading and hear about the apprenticeship opportunities at the firm then be sure to register yourself for this online event by clicking the link below.
