

NATIONAL APPRENTICESHIP WEEK

SPECIAL EDITION

futures fortnightly

EDITION 18 | 4th February 2022

Dear Parents, Carers and Students

The release of this edition ties in nicely with National Apprenticeship week. A week where we get a chance to celebrate apprenticeships and bring the whole apprenticeship community together, where we shine a light on the positive differences that apprenticeships can make to individuals, employers and to the wider economy.

They are a great way for young people to gain skills while working – ‘earning while learning’. It is a common myth that they are mainly for traditional trades, this is no longer the case. For example, you can be an apprentice in the following fields:

- accountancy • business skills • civil engineering • creative and digital media
- engineering • financial services • food and drink technologies • hardware and system support • scientific technologies
- social services and healthcare • social services – children and young people
- software development

81%
say they now are
more
confident

76%
are **more**
enthusiastic
about learning

74%
feel they have
better
long-term career
prospects

For people who would rather work than spend time in a classroom environment, those who want or need to earn money and are enthusiastic about a specific industry and not just academic subjects, apprenticeships are a perfect fit.

The best advice I can give, is be prepared, do your research, and always have a plan B.

LIVE TALKS & DISCUSSIONS FOR STUDENTS, TEACHERS & ADVISORS

**MON
7TH
12PM**

Ask the Apprentice Q&A Session

Supported
by  **Direct Line
Group**

We are joined by University of Suffolk Alumni Luke Bendall. After school, Luke completed multiple apprenticeships, and is currently a 'Business Analyst' within the Process & Technology department at Direct Line Group. Luke has completed a Level 3 apprenticeship and a Level 4 Higher Apprenticeship, gaining a Business Analyst Diploma.

**MON
7TH
6PM**

A Parents' Perspective: Talk and Q&A

Supported
by  **UEA University of
East Anglia**

UEA Parent & Carer Ambassador Sharn will share her fascinating insight in supporting her daughter Joanna, who is currently completing a Higher & Degree Apprenticeship with Dyson, through the process of applying for both University through the traditional UCAS route, as well as applying and interviewing for highly competitive Degree Apprenticeship programs.

**TUE
8TH
10AM &
6PM**

The Police Constable Degree Apprenticeship

Supported
by  **ARU**

Join ARU for an overview of the Police Constable Degree Apprenticeship and how to get into Policing and make a difference. You will also have the opportunity to hear from our partner police forces and find out what it is like to be a police officer.

SCAN, CLICK OR TAP TO REGISTER

DROP-IN ADVICE SESSIONS

**TUE-
FRI
12PM**

Our drop-in sessions, Tuesday through to Friday during NAW2022, will give people an opportunity to check in with our Higher Education Champions and ask any questions they have surrounding apprenticeships. Scan, click or tap on the QR code to register your interest!

TEACHER & ADVISOR ONLINE CPD

**WED
9TH
4-5:30
PM**

Apprenticeships and the DfE Draft Strategy on Climate Change & Sustainability Education

During COP26, the DfE released this draft strategy. The proposals will have a direct impact on careers education and curriculum provision in secondary schools. This CPD session will cover:

- How apprenticeships and green skills fit into the draft strategy
- What this means for your school and the provision you provide
- How this is an opportunity to improve your school's performance with Gatsby Benchmark 4.
- Hear from current apprentices who work in a sector where a focus on sustainability is key

TAKE YOUR JOB OF THE FUTURE DIGITAL HIGHER & DEGREE APPRENTICESHIPS

ADASTRAL PARK, IPSWICH

**MON 7TH
MARCH
10:15AM - 2PM**

neaco Take Your Place invites you to join us for an exciting free event at BT Adastral Park, currently number 4 for the best apprenticeship providers. BT have apprenticeships in Cyber Security, Software Engineering, Project Management, Field Engineering and Applied Research.

On the day you will get to explore the Digi-Tech Centre, where apprentices do the study element of their apprenticeship. Here you will meet current apprentices to get their top tips and take part in challenges set by BT.

Free event with transport costs covered and lunch provided. Limited spaces for the event, so secure your tickets early.

9:45 Arrival
10:00 Employer presentations
10:50 Tea & Coffee Break
11:05 Panel Q&A
12:00 Lunch & Expo
13:00 Depart

TAKE YOUR FUTURE FORWARD MEET THE EMPLOYERS

THE INNOVATION CENTRE, THETFORD

**FRI 11TH
MARCH
9:45AM - 1PM**

neaco Take Your Place invite young people to hear from local employers.

Find out what Higher and Degree Apprenticeships are on offer from providers across the region and what employers are looking for from their applicants. Make new connections with employers, meet other like-minded young people and find out how the Take Your Place project can support you to make informed choices about your future.

We will also host a Q & A with local employers for which you can ask questions and be part of the livecast audience. The event is free and neaco will provide transport, lunch and refreshments.

SIEMENS

MOBILITY ENGINEERING
INSIGHT EVENT

TUESDAY 8TH FEBRUARY, 5PM - 6PM

YOUNG PROFESSIONALS

On Tuesday 8th February from 5:00pm - 6:00pm we're hosting a virtual Siemens inclusive-to-all Engineering event as they give us an insight into their \$50 billion turnover operation with a focus on their mobility arm of the business.

"The mobility environment is being shaped by three megatrends: climate change, population growth and digitalisation. These trends demand for seamless, sustainable, reliable, and secure mobility solutions to ensure a high quality of life for 9.6 billion people worldwide by 2050."

Find out more about the way Siemens is continuously transforming the way we travel, through intelligent road infrastructure and traffic solutions in and between cities. We'll also gain an insight to their high-speed train systems, traffic management, simulation, tunnel management, digital services driven by AI, shared autonomous driving and much more.

Come and hear about the wide range of opportunities within Siemens Mobility and see if a career at Siemens could be for you in the future.

If you'd like to know more about careers at one of the biggest companies in the world driving change and innovation on all levels of life this insight event is for you.

Click the link to join us:

<https://www.surveymonkey.co.uk/r/Siemens-Engineering>

Discover Apprenticeships

**Be inspired.
Get advice.
Explore the world of
apprenticeships.**

**Join UCAS Discover
Apprenticeships live
10:00 – 18:00 on
9 February 2022.**

Book your place now for a day of inspiration, information, and live employers. Featuring everything you need to discover if an apprenticeship might be right for you – all packed into one day, and online.

It's your chance to explore what apprenticeship opportunities are out there right now. Meet big name employers

- Discover popular apprenticeships and where they can take you
- Join live interview clinics and CV workshops
- Get tips on how to decide your path
- Take part in Q&As with employers
- Hear what it's really like from current apprentices
- Find out how to land your dream apprenticeship

... And lots more!

So, whether you're just starting your research and need help figuring out if an apprenticeship is for you. Or, are ready to take the next step and start applying. Sign up today to take part in what's set to be an unmissable event and join us live, online 10:00 - 18:00, Wednesday 9 February 2022.

MORE INFO

Meet big name employers
Chat live with recruitment experts and current apprentices from different employers and apprenticeship providers between 10:00 - 18:00 (UK time).

Ask about their apprenticeships programmes, what makes a successful candidate, and find out what's really involved to help you decide.

What else is in store...

On top of the live sessions you'll also have access to tons of content on the day as well as on-demand right up until 23rd February.

Watch and learn about popular apprenticeships and what careers they can lead to.

Get a taste of what's in store from current apprentices.

And take in practical advice on applying, CV writing, interviews, and more.

Our upcoming streams can be found live Wednesdays at 4.30 on the LEP YouTube Channel [here](#) or on Twitch [here](#). These are some of our upcoming guests and topics, as ever if there is a career path you would like to hear about, please get in touch so we can try to organise.

- 9th Feb – Apprenticeship Week Special
- 16th Feb – Inclusivity in the Workplace through the eyes of a teacher YouTube Twitch
- 30th March - A career for all weathers... YouTube Twitch
- 6th April – 'No Mess'. A different perspective on careers in Construction

Find the career for you on the new Yojo App

yojo APP

"Search for Careers
and Apprenticeships
on the go"

- Unsure of what steps to take to find the right career or apprenticeship for you?
- Yo Jo is an app made by young people for young people.

It helps young people 16-25 to find apprenticeships and traineeships in Suffolk, explore career options and find support in selecting the right career path for you.

Introduction to Apprenticeships

Come and join our Introduction to Apprenticeship workshop and get your head around apprenticeships to see if they are the right choice for you! This fantastic opportunity will provide you with the chance to ask those questions that you've always wanted to know.

In this hour we'll cover all the basics, including:

- What Apprenticeship are
- Different levels available to you
- How to apply for an apprenticeship and best tips for a successful application
- Where you can find more information

This could be the best hour you've ever spent, investing a small amount of time in yourself now could make a really big difference in your future.

Application Deadline: 25/01/2022

<https://www.s4snextgen.org/Opportunities/View/id/2519>

SIGN UP [HERE](https://www.speakersforschools.org) FOR EVEN MORE OPPORTUNITIES.

Get Set to Experience: **CMR Surgical**

9th March from 4:30pm - 6pm

How to use Engineering to Decorate a Cupcake.

You might be thinking "How does this relate to the cool robot, Versius, that CMR have developed?"...well, would you believe us if we told you that you can learn the fundamental principles and mindsets of engineering and product design by thinking about how to instruct an engineer in decorating a cupcake?

What could go wrong?

Join us for our virtual placement during National Careers Week to learn more about CMR Surgical and teach our engineers how to decorate a cupcake.

This will be an interactive and fun session, we look forward to seeing you on the day and hearing your ideas!

Application Deadline: 21/02/2022

Cooper Parry

8th March from 4pm - 5:30pm

**International Women's Day:
Women Smashing Down Barriers in Accountancy**

Are you a woman or non-binary person? Do you have a love of numbers, analytics and problem solving? Have you considered a career in accountancy?

We get it. Accountancy firms can be such old boys' clubs. Even though companies are starting to challenge the impacts of patriarchal gender roles in financial services, we all have a long way to go.

To celebrate International Women's Day, we'd like to invite you to attend our evening session on the 8th March to explore what it's really like for women in accountancy. There will be lots of space to ask questions and hear from women at all levels from Cooper Parry.

Application Deadline: 25/02/2022

Why Accountancy is Awesome

Are you an analytical person who enjoys problem solving? Have you enjoyed Maths or Economics at school?

Are you interested in careers in the financial services?

If so, we'd love for you to join us as we break down the stereotype that accountancy is boring!

We'd like to invite you to attend our evening session on Thursday 10th March for an introduction to what a career in accountancy looks like.

Application Deadline: 25/02/2022

VIRTUAL WORK EXPERIENCE

2021/2022

500
STUDENTS
HAVE TAKEN
PART SO FAR

95% would
recommend
us to a friend

Following the success of our 2020/21 VWEX Programme Morgan Sindall Construction are continuing to offer Virtual work experience nationally to students from Y10-13.

Student engagement was amazing, with students maximising the chat function with guest speakers being asked more quality questions than in previous in person events.

The programme is inclusive of all abilities and we are encouraging students from all demographics to take part.

Sessions are 9.30am - 5pm and dates for 2021/22 are:

14th-18th March 2022

13th-17th June 2022

23rd-27th May 2022

4th-8th July 2022

What does the week involve?

The experience is delivered using Google Classrooms in partnership with Speakers for Schools. Students will work in virtual offices in teams. Each team member will have a job role to deliver the project

- Obtain a project brief
- Virtually meet job role experts
- Virtual site tour
- CV & Interview technique workshop
- #IamRemarkable workshop
- Presentations on the last day
- A packed week Mon - Fri

Interested?

To be ready to for your students, please register via the following links:

Register as an Educator user: <https://www.s4snextgen.org/Sign-Up/Schools>

Register as a Young Person user: <https://www.s4snextgen.org/students/Take-Part>

This is an immersive week with tasks that require access to a laptop or tablet with working microphone.

Virtual ROUTES INTO STEM

Helping young people make an informed choice on the right STEM pathway for them

Flexible study courses running in October 2021, February & July 2022

Discover where your interests could take you

If you are enjoying your Tech, Design, Maths or Science studies at school and would like to know what exciting future these subjects could lead to, then we have the course for you! Our Virtual Routes into STEM course makes finding out about your future STEM options, developing your skills and knowledge, and hearing from experts easy to do.

We are here to help.

At EDT, we are highly experienced in connecting young people with industry and inspiring STEM futures. There are more career options in STEM than you could ever imagine, and many different routes to get you there. Join one of our online courses to find out more and we will help navigate you through.

Virtual Routes into STEM course

This is an innovative and exciting opportunity for all students aged 13-16 (Yr 9&10 / S3&4) to explore the various routes they can take towards their STEM (Science, Technology, Engineering and Maths) career. It is designed to give students an insight into pathways following GCSEs/Nat 5 and Highers including study routes via college and university and direct apprenticeship routes through industry. It is suitable for all academic abilities - all that is required is a genuine interest in STEM subjects and inquisitiveness about what the future can hold.

Approximately 20 hours of studies are required to be completed over 3 weeks, allowing students to study flexibly at a pace that suits their individual circumstances, giving them the freedom to study around other activities that they may have planned.

LIVE

A variety of live interactive sessions will take place allowing students to listen and ask questions to diverse STEM professionals and student ambassadors.

[Click here for full course details](#)

ROUTES INTO STEM

- ➔ gives students a fantastic insight as to what life would be in a variety of different settings. Students will be able to tour a variety of multiple colleges, universities, and employers across the UK virtually.
- ➔ grants access to a comprehensive program of study, engaging challenges, and a wealth of information enabling students to better understand their future study and career options.
- ➔ sets out a chance to take part in exciting STEM activities and projects including hands on problem solving, decision making and critical thinking tasks.
- ➔ provides access to live STEM education and career sessions with range of role models including student ambassadors, apprentices, graduates, academics as well as mentor panels with STEM employers to join live Q&A session with an opportunity to ask our panel of experts any questions.
- ➔ awards students with an extremely valuable addition to their portfolio, a highly regarded industry led accreditation that was inspired by HRH The Prince of Wales. Upon successful completion of the course, students will receive a Bronze Industrial Cadets award and be in a position to make a more informed decision about their future.

Course details

The course cost is £60 towards the cost of administration and the Industrial Cadets Bronze award. Bursary places are available, please refer to the application form.

Next course dates:

21st Oct – 11th Nov 2021

10th Feb - 3rd Mar 2022

14th Jul – 4th Aug 2022

If you have any further questions, [click here for more info](#) or please contact our team at studentrecruitment@etrust.org.uk or call on 01707 906106

APPLY NOW

Don't just take our word for it!

96% of the students feel their skills and knowledge have improved from taking part in the course.

"The course gave me a clearer insight into the different routes following my GCSEs, and mapped out the bigger picture along with skills needed to be successful in any STEM career."

99% of students agree or strongly agree they have learnt more about

STEM career opportunities available to them following their GCSEs/Nat 5 and Highers.

"It helped me gain confidence in my future career decisions and solidified what I would like to pursue in the future. Furthermore, I improved skills which I would not have otherwise, like independent working and research for the graduation project. I am really grateful for the opportunity."

99% of students feel confident about making future study and careers choices after the course, compared to 63% pre-course.

Yojo is a new app created by The Children & Young People's Engagement Hub at Suffolk

County council which helps young people in Suffolk find apprenticeships and explore career paths.

It has many features, such as the develop section which delivers guidance in creating a CV, the contact section which helps signpost people to find support in areas that they need, and the search section which shows current vacancies based on the persons interests.

For more details about the Yojo App visit www.yojoapp.co.uk

Please visit www.stowhigh.com to see our school
