### Year 8

#### Year 8 Athletics

Sixteen year 8's attended their first ever athletics competition this week at Bury Track. Stand out performances were from **Eve Caldwell** and **Jack P** who came 2nd in the high jump. **Harry Thorpe** also won his heat in the 100m sprint. We await the team results still, but a huge congratulations to all that competed in hot conditions.

## Year 9/10

### Sports Leaders

This week we have had a number of students give up their own time to run extracurricular activities for younger students. The first event on Wednesday saw nineteen Year 9 & 10 students run the local primary schools athletics competition. They were all a huge credit to the school, with many parents commenting how brilliant they all were.

On Thursday six year 10 girls gave up their afternoon and early evening to help run and officiate with the u13 athletics event. The same girls also helped out the previous day! A huge thankyou to **Evie McKane, Lillia Prior, Emily Peek, Kacie Crowfoot, Madison Skoulding and Ruby Kidd** for giving up two evenings of their week to help us out. You stars!

## Year 10 Individual Success!

Well done to Year 10 student **Grace Davis** who ran a PB in the 300m at the Suffolk athletics trials last week. Good luck with selection for the team.

Well done to Year 10 **Jasmine Points** who won presidents plate at the Suffolk Golf championships on Friday and over the weekend.

## Year 11

### Year 11 Rounders

Some year 11s competed in their final fixture at Stowmarket High School this week. They faced Thurston in a friendly rounders match. We were confident after our first batting innings, after scoring 9.5 rounders. Thurston were only able to score 7.5 after they couldn't cope with the speed of **Eleanor Watts'** bowling! The second innings saw Thurston come back strong and adapt to the fast bowling. They edged ahead by 2 rounders to win the second innings. Thanks to **Sonny Larke** and **Evie McKane** for stepping into play at the last minute.
