Dear Families

Atomic Weapons Establishment Event

Have you ever wondered what goes on behind the scenes at some of the UK Governments most highly secured agencies?

The Young Professionals are so excited to announce a brand-new partnership with one of the highest profiles/top secret defence agencies in the United Kingdom, Atomic Weapons Establishment, AWE!

AWE is a high security organisation that are part of the United Kingdom's Ministry of Defence. The Ministry of Defence protect people, territories, values, and interests at home and overseas. Through their strong-armed forces and in partnership with allies, AWE help ensure the nation's security, support our national interests, and safeguard the UK's prosperity. Working for the government/civil service is a highly rewarding career which is why they are ranked among one of the best sectors for school leavers to work in.

AWE is working on some of the most top-secret missions, building nuclear warheads that sit on submarines and war ships all helping to keep the country safe using some of the best technology and systems in the world. And what's more incredible is that you as a school leaver can join them straight from school on one of their student programmes.

On **Tuesday 21st November, between 5pm - 6pm**, we will be hosting an Insight Evening with AWE virtually. This will allow you to learn a lot more about the organisation as well as the defence industry, and you will have the opportunity to take part in a hands-on top-secret workshop. AWE will also be launching some brand-new apprenticeships, so if you have an interest in working for the government and would like a future career in this sector then this will be ideal for you.

Places are strictly limited due to the workshop element so if you'd like to apply, please do so ASAP.
