6 December 2023

Dear Families

The National Grid Unplugged: A Behind the Scenes Exploration - Monday 11th December, from 5pm - 6pm!

Have you ever wondered when you switch the lights on at home or power up your TV everything seems to come on? Or perhaps when you charge up your mobile phones, switch the oven or microwave on. Electricity is all around us and a key commodity that we all rely on each day.

You might be thinking, we get our electricity from Eon, Octopus Energy, OVO etc... but who do you think supplies all these energy companies their electricity they then sell on to you?

Welcome to National Grid, the sole monopoly owners of all the electricity supply within the U.K. The Young Professionals have got an exclusive insight to one of the world's biggest electrical engineering companies, a FTSE 100 Company with over £18 billion and operations all over the globe. Employing over 30,000 people National Grid are at the forefront of this industry with a rapidly growing renewable energy arm.

If you like solving problems, working on projects that require a logical thinking then this opportunity is for you.

This event is geared to all students looking into get into the engineering industry with a big focus on electrical engineering and renewable energies. For the first time National Grid are opening their doors off the back of this virtual event to invite students to join them behind the scenes on a work experience event like no other. You'll get to see firsthand on what engineers get up to as well as meeting top senior professionals on what they do.

If you'd like to secure your spot and get the opportunity to come in person in the new year, click the link below to secure your place.
