Dear Families

Year 11 Maths Helpful Links and Tips

Now that we are in the swing of the exams period, to support your child and further to any other correspondence from the school about the exam period, the Maths team and I have, today, sent the email below to all of the students in Year 11.

I am sharing this email with you too as there are some helpful links and tips in here that you may wish to use with your child to help them with their revision for Maths.

We will send a second email to students and their parents/carers before the half-term break, after the first maths exam with some guidance for papers 2 and 3.

As always, thanks for your continued support but please do let me know if we can be of further help.

Yours faithfully

Sarah Fisher
Director of Maths
Stowmarket High School

Good afternoon Year 11 students!

We hope your exams have started well and that you are finding a balance between revision and mindfulness.

We know we have very little Maths teaching time between now and your Maths exams so we wanted to put together some things to help you.

Helpful Hints

Corbett Maths on YouTube offers lots of topic specific revision videos and hints, geared towards the Summer 2024 GCSE exams.

The Corbett Maths website, also includes lots of helpful hints, revision material and practice papers but also some helpful introductory support videos for both higher and foundation tiers (approximately 10 minutes each)

[Higher:](#)

[Foundation:](#)

Revision Topics

This revision checklists cover all of the GCSE topics. This will get updated after each exam, to show which topics have not yet come up. As these sheets are INTERACTIVE, if you click on any of the topics, it takes you directly to a helpful video.

[Higher](#)

[Foundation](#)

OR use [MathsGenie](#) to go over the topics on this list.

You can also continue to use MathsWatchVLE to practise any topics and get support through videos too.

Please refer to your Personal Currency Plans to help guide you.

Predicted Papers

- There are also PREDICTED papers [here](#) for you too - which will be updated after paper 1 and paper 2, to help give you an idea of what is likely to come up in papers 2 and 3.
- ONMATHS has online predicted papers [here](#) although you will need to register with them first.
- MATHS GENIE also has predicted papers [here](#) (but these do not always update for AQA as quickly)

In addition to the success session workshop the school day before your exam, your Maths teachers will also be around at lunchtimes, and after school the day before each exam to go through any questions you may have.

We will also hold Maths Exam Warm Up breakfast session on the morning of each exam.

For now, keep working hard but also make sure you get some rest too!

Be brilliant!
