Dear Families

The Young Professionals have an exclusive virtual Cyber & Cryptography event with Lloyds Banking Group this year for students to join. If you have a passion for AI, technology or cyber, then this event is for you!

Lloyds Banking Group is one of the world's biggest financial services companies, with over 30 million digital customers. This makes LBG one of the industry's most prominent players, and they want you to be part of their business via one of their student programmes.

At this event, they will share with you what it's like to work at the bank in their tech divisions, how their teams are driving change on a global scale, and the routes into the bank that are open to you.
